

## Birds of the Refugio Los Volcanes (ca. 1000-1350 m)

by Sebastian K. Herzog & Victor Hugo Garcia Soliz, Asociación Armonía – BirdLife International, Santa Cruz, Bolivia (skherzog@armonia-bo.org)

Additional observations kindly provided by: Nick Acheson, Rosendo Fraga, A. Bennett Hennessey, Rich Hoyer, Michael Kessler, Ross MacLeod, Lelis Navarette, Jonas Nilsson, Kim Risen, and Larry Rubey

### Tinamidae (Tinamous)

<i>Tinamus tao</i>	Gray Tinamou	Resident
<i>Crypturellus obsoletus</i>	Brown Tinamou	Resident
<i>Crypturellus tataupa</i>	Tataupa Tinamou	Seasonal movements

### Cracidae (Guans)

<i>Ortalis guttata</i>	Speckled Chachalaca	Heard once in October 2003
<i>Penelope montagnii</i>	Andean Guan	uncommon, possibly movements
<i>Pipile cumanensis</i>	Blue-throated Piping-Guan	Observed twice
<i>Mitu tuberosa</i>	Razor-billed Curassow	Seen repeatedly in May 2004

### Odontophoridae (Wood-Quail)

<i>Odontophorus speciosus</i>	Rufous-breasted Wood-Quail	Resident
-------------------------------	----------------------------	----------

### Ardeidae (Herons)

<i>Tigrisoma lineatum</i>	Rufescent Tiger-Heron	Observed once (ABH)
<i>Tigrisoma fasciatum</i>	Fasciated Tiger-Heron	An adult observed once (SKH), repeatedly immatures of presumably this species

### Cathartidae (Vultures)

<i>Cathartes aura</i>	Turkey Vulture	Resident
<i>Coragyps atratus</i>	Black Vulture	Resident
<i>Sarcoramphus papa</i>	King Vulture	Rare and irregular, but seen year-round
<i>Vultur gryphus</i>	Andean Condor	Uncommon and irregular, mostly in dry season

### Accipitridae (Hawks & Eagles)

<i>Leptodon cayanensis</i>	Gray-headed Kite	Only observed once, Aug. 2003
<i>Elanoides forficatus</i>	Swallow-tailed Kite	Seasonal movements/irregular
<i>Harpagus bidentatus</i>	Double-toothed Kite	Rare visitor
<i>Ictinia plumbea</i>	Plumbeous Kite	Seasonal movements?
<i>Accipiter striatus</i>	Sharp-shinned Hawk	Only one observation in March 2005 (RH)
<i>Accipiter bicolor</i>	Bicolored Hawk	Rare visitor, only observed in Oct. 1997 (SKH) & Aug. 2004 (NA)
<i>Harpyhaliaetus solitarius</i>	Solitary Eagle	One observation at station, Nov. 2003
<i>Geranoaetus melanoleucus</i>	Black-chested Buzzard-Eagle	Probably resident, rare
<i>Buteo magnirostris</i>	Roadside Hawk	Resident
<i>Buteo brachyurus</i>	Short-tailed Hawk	Rare visitor
<i>Buteo albicaudatus</i>	White-tailed Hawk	Only observed in August 2002
<i>Buteo polyosoma</i>	Red-backed Hawk	Only one observation (RH)

### Falconidae (Falcons)

<i>Micrastur ruficollis</i>	Barred Forest-Falcon	Resident
<i>Micrastur semitorquatus</i>	Collared Forest-Falcon	First observed in June 2003, rare
<i>Falco sparverius</i>	American Kestrel	At lodge, irregular
<i>Falco ruficularis</i>	Bat Falcon	Probably resident
<i>Falco femoralis</i>	Aplomado Falcon	Rare, flying over
<i>Falco deiroleucus</i>	Orange-breasted Falcon	One observation by Robert Ridgely
<b>Rallidae (Rails)</b>		
<i>Aramides cajanea</i>	Gray-necked Wood-Rail	Seasonal movements? Rare
<b>Eurypygidae (Sunbittern)</b>		
<i>Eurypyga helias</i>	Sunbittern	Seasonal movements?
<b>Columbidae (Pigeons &amp; Doves)</b>		
<i>Columba plumbea</i>	Plumbeous Pigeon	Resident
<i>Zenaida auriculata</i>	Eared Dove	Rare visitor
<i>Columbina picui</i>	Picui Ground-Dove	Rare visitor
<i>Claravis pretiosa</i>	Blue Ground-Dove	Rare visitor
<i>Leptotila verreauxi</i>	White-tipped Dove	Rare visitor
<i>Leptotila megalura</i>	Large-tailed Dove	Resident
<i>Geotrygon montana</i>	Ruddy Quail-Dove	Uncommon, resident
<i>Geotrygon frenata</i>	White-throated Quail-Dove	One in July 2003, a pair in Aug. 2003
<b>Psittacidae (Parrots)</b>		
<i>Ara militaris</i>	Military Macaw	Uncommon winter visitor (mostly May through November)
<i>Aratinga mitrata</i>	Mitred Parakeet	Resident
<i>Pyrrhura molinae</i>	Green-cheeked Parakeet	Resident
<i>Brotogeris chiriri</i>	Yellow-chevroned Parakeet	Resident
<i>Pionus menstruus</i>	Blue-headed Parrot	Observed only once (2 birds) in August 2004 (NA)
<i>Pionus sordidus</i>	Red-billed Parrot	Irregular in small numbers
<i>Pionus maximiliani</i>	Scaly-headed Parrot	Resident
<i>Amazona aestiva</i>	Blue-fronted Parrot	Seasonal variations in abundance
<i>Amazona mercenaria</i>	Scaly-naped Parrot	Rare visitor
<i>Amazona farinosa</i>	Mealy Parrot	One observation in Nov. 2003 (tape recording)
<b>Cuculidae (Cuckoos)</b>		
<i>Coccyzus melacoryphus</i>	Dark-billed Cuckoo	One observation, migrating through
<i>Piaya cayana</i>	Squirrel Cuckoo	Resident, fairly common
<i>Guira guira</i>	Guira Cuckoo	Rare visitor in disturbed areas
<i>Crotophaga ani</i>	Smooth-billed Ani	Rare visitor in disturbed areas
<b>Strigidae (Owls)</b>		
<i>Otus choliba</i>	Tropical Screech-Owl	near dry ridge road, prob. resident
<i>Otus ingens</i>	Rufescent Screech-Owl	Resident
<i>Otus watsonii</i>	Tawny-bellied Screech-Owl	Resident
<i>Pulsatrix melanota</i>	Band-bellied Owl	Resident
<i>Ciccaba huhula</i>	Black-banded Owl	Only observed once (SKH)

<i>Glaucidium brasilianum</i>	Ferruginous Pygmy-Owl	Movements?
<i>Glaucidium parkeri</i>	Subtropical Pygmy-Owl	First observed in June 2003, prob. resident
<b>Nyctibiidae (Potoos)</b>		
<i>Nyctibius griseus</i>	Common Potoo	Heard irregularly at field station
<b>Caprimulgidae (Nightjars)</b>		
<i>Nyctiphrynus ocellatus</i>	Ocellated Poorwill	Resident
<i>Caprimulgus rufus</i>	Rufous Nightjar	Between-year variations in abundance
<i>Uropsalis lyra</i>	Lyre-tailed Nightjar	Only observed once in Oct. 1997 (SKH)
<b>Apodidae (Swifts)</b>		
<i>Streptoprocne rutila</i>	Chestnut-collared Swift	Flying over, irregular
<i>Streptoprocne zonaris</i>	White-collared Swift	Flying over, fairly common
<i>Aeronautes montivagus</i>	White-tipped Swift	Flying over, irregular?
<b>Trochilidae (Hummingbirds)</b>		
<i>Phaethornis stuarti</i>	White-browed Hermit	One observation in Feb. and April 2005, one net capture in March 2005
<i>Phaethornis subochraceus</i>	Buff-bellied Hermit	One observation (ABH)
<i>Phaethornis pretrei</i>	Planalto Hermit	Rare, small numbers year-round
<i>Phaethornis malaris</i>	Great-billed Hermit	Resident, common
<i>Campylopterus largipennis</i>	Gray-breasted Sabrewing	Only observed once in December 2004 (VG)
<i>Colibri coruscans</i>	Sparkling Violet-ear	Seasonal movements
<i>Chlorostilbon mellisugus</i>	Blue-tailed Emerald	Rare visitor
<i>Chlorostilbon aureoventris</i>	Glittering-bellied Emerald	Rare visitor
<i>Thalurania furcata</i>	Fork-tailed Woodnymph	Resident, common
<i>Chrysuronia oenone</i>	Golden-tailed Sapphire	Seasonal movements, rare
<i>Amazilia chionogaster</i>	White-bellied Hummingbird	Resident, but seasonal variations in abundance
<i>Heliodoxa leadbeateri</i>	Violet-fronted Brilliant	Mist netted on rare occasions
<i>Ocreatus underwoodii</i>	Booted Racquet-tail	Rare to uncommon visitor
<i>Sappho sparganura</i>	Red-tailed Comet	A male mist netted February 2004
<i>Agelaiocercus kingi</i>	Long-tailed Sylph	One observation, a male Oct. 2003
<i>Calliphlox amethystina</i>	Amethyst Woodstar	Oct.(?) and Nov. 2004 (photos by RML)
<i>Microstilbon burmeisteri</i>	Slender-tailed Woodstar	Seasonal movements, rare
<b>Trogonidae (Trogons)</b>		
<i>Trogon curucui</i>	Blue-crowned Trogon	Resident, fairly common to common
<i>Trogon personatus</i>	Masked Trogon	Resident, rare
<b>Alcedinidae (Kingfishers)</b>		
<i>Ceryle torquata</i>	Ringed Kingfisher	Rare, irregular?
<i>Chloroceryle americana</i>	Green Kingfisher	A female seen in December 2003 (VG), one seen in Oct. 2004
<i>Chloroceryle aenea</i>	American Pygmy-Kingfisher	Only observed once (VG), a male Sept. 2004
<b>Momotidae (Motmots)</b>		
<i>Momotus momota</i>	Blue-crowned Motmot	Rare, seasonal movements?
<b>Bucconidae (Puffbirds)</b>		

<i>Nystalus chacuru</i>	White-eared Puffbird	One observation (ABH; breeds in nearby secondary scrub)
<i>Malacoptila fulvogularis</i>	Black-streaked Puffbird	Rare, nesting observed October 1997 and December 2004, apparently resident
<b>Capitonidae (New World Barbets)</b>		
<i>Eubucco versicolor</i>	Versicolored Barbet	One observation (LR)
<b>Ramphastidae (Toucans)</b>		
<i>Aulacorhynchus derbianus</i>	Chestnut-tipped Toucanet	Probably resident, uncommon
<i>Pteroglossus castanotis</i>	Chestnut-eared Aracari	Resident, but apparently seasonal variations in abundance
<i>Ramphastos vitellinus</i>	Channel-billed Toucan	Resident, uncommon
<i>Ramphastos toco</i>	Toco Toucan	Only one observation (LR)
<i>Ramphastos tucanus</i>	White-throated Toucan	Only one observation in July 2003 (VG, tape recorded)
<b>Picidae (Woodpeckers)</b>		
<i>Picumnus dorbigyanus</i>	Ocellated Piculet	Resident, rare to uncommon
<i>Picumnus albosquamatus</i>	White-wedged Piculet	Only two observations (ABH, NA)
<i>Melanerpes cruentatus</i>	Yellow-tufted Woodpecker	Rare visitor, heard only a few times
<i>Picoides lignarius</i>	Striped Woodpecker	Only two observations in October 1997 (SKH)
<i>Veniliornis</i> sp. ( <i>fumigatus</i> ?)	(Smoky-brown?) Woodpecker	A handful of observations, SKH heard raps (no visual confirmation yet)
<i>Piculus rubiginosus</i>	Golden-olive Woodpecker	Occasional visitor
<i>Dryocopus lineatus</i>	Lineated Woodpecker	Resident
<i>Campephilus rubicollis</i>	Red-necked Woodpecker	Resident
<i>Campephilus melanoleucos</i>	Crimson-crested Woodpecker	Resident
<b>Dendrocolaptidae (Woodcreepers)</b>		
<i>Dendrocincla fuliginosa</i>	Plain-brown Woodcreeper	One observation (ABH)
<i>Sittasomus griseicapillus</i>	Olivaceous Woodcreeper	Resident, common
<i>Dendrocolaptes picumnus</i>	Black-banded Woodcreeper	Resident, uncommon
<i>Xiphorhynchus picus</i>	Straight-billed Woodcreeper	Only observed Jan.-March 2005
<i>Xiphorhynchus ocellatus</i>	Ocellated Woodcreeper	Resident, common
<i>Campylorhamphus trochilirostris</i>	Red-billed Scythebill	Prob. resident
<b>Furnariidae (Ovenbirds)</b>		
<i>Synallaxis frontalis</i>	Sooty-fronted Spinetail	Only in October 1997
<i>Synallaxis scutata</i>	Ochre-cheeked Spinetail	Resident
<i>Cranioleuca pyrrhophia</i>	Stripe-crowned Spinetail	Rare visitor, only in Oct. 1997 & 2003
<i>Simoxenops striatus</i>	Bolivian Recurvebill	Resident, uncommon in humid forest
<i>Philydor rufum</i>	Buff-fronted Foliage-gleaner	Resident
<i>Sclerurus albigularis</i>	Gray-throated Leaf-tosser	Resident
<i>Lochmias nematura</i>	Sharp-tailed Streamcreeper	Only in June, Aug. & Oct. 2003 along humid forest stream
<i>Xenops rutilans</i>	Streaked Xenops	Resident
<b>Thamnophilidae (Typical Antbirds)</b>		
<i>Batara cinerea</i>	Giant Antshrike	Visitor? Rare
<i>Thamnophilus palliatus</i>	Chestnut-backed Antshrike	Resident, in secondary scrub
<i>Thamnophilus caerulescens</i>	Variable Antshrike	Prob. resident, rare
<i>Dysithamnus mentalis</i>	Plain Antwreio	Resident, common

<i>Myrmotherula grisea</i>	Yungas Antwren	One observation of a pair, Oct. 1997 (MK)
<i>Herpsilochmus atricapillus</i>	Black-capped Antwren	Resident, fairly common to common
<i>Pyriglena leuconota</i>	White-backed Fire-Eye	Resident
<b>Formicariidae (Antpittas)</b>		
<i>Chamaeza campanisona</i>	Short-tailed Antthrush	Resident, common
<b>Conopophagidae (Gnateaters)</b>		
<i>Conopophaga ardesiaca</i>	Slaty Gnateater	Resident, fairly common to common
<b>Rhinocryptidae (Tapaculos)</b>		
<i>Scytalopus bolivianus</i>	Bolivian Tapaculo	Resident
<b>Tyrannidae (Tyrant Flycatchers)</b>		
<i>Phyllomyias burmeisteri</i>	Rough-legged Tyrannulet	Heard frequently June 2003 through Feb. 2004, occasionally afterwards, breeding
<i>Phyllomyias sclateri</i>	Sclater's Tyrannulet	Resident
<i>Miopagis gaimardii</i>	Forest Elaenia	Only in Aug. (KR) and Oct. 2004 (a pair, SKH)
<i>Myiopagis caniceps</i>	Gray Elaenia	Austral migrant, just passing through
<i>Elaenia albiceps</i>	White-crested Elaenia	Seasonal movements
<i>Elaenia strepera</i>	Slaty Elaenia	Austral migrant, just passing through
<i>Elaenia chiriquensis</i>	Lesser Elaenia	Two records in Aug. 2004
<i>Camptostoma obsoletum</i>	Southern Beardless-Tyrannulet	Resident
<i>Mecocerculus hellmayri</i>	Buff-banded Tyrannulet	Rare visitor
<i>Mecocerculus leucophrys</i>	White-throated Tyrannulet	Rare visitor
<i>Serpophaga munda</i>	White-bellied Tyrannulet	Rare visitor
<i>Phaeomyias murina</i>	Mouse-colored Tyrannulet	Austral migrant, just passing through during spring (October/November)
<i>Corythopis torquata</i>	Ringed Antpipit	One net capture of a juvenile, Oct. 2003
<i>Phylloscartes ophthalmicus</i>	Marble-faced Bristle-Tyrant	Resident, rare to uncommon
<i>Phylloscartes orbitalis</i>	Spectacled Bristle-Tyrant	Only one observation, Aug. 2004 (KR)
<i>Phylloscartes ventralis</i>	Mottle-cheeked Tyrannulet	Seasonal movements? Rare
<i>Mionectes striaticollis</i>	Streak-necked Flycatcher	Rare visitor
<i>Mionectes macconnelli</i>	McConnell's Flycatcher	Resident, common
<i>Leptopogon amaurocephalus</i>	Sepia-capped Flycatcher	Resident, fairly common
<i>Leptopogon superciliaris</i>	Slaty-capped Flycatcher	Resident, fairly common
<i>Sublegatus modestus</i>	Southern Scrub-Flycatcher	Only one observation at lodge and one mist net capture
<i>Myiornis albiventris</i>	White-bellied Pygmy-Tyrant	Apparently resident, uncommon
<i>Hemitriccus margaritaceiventer</i>	Pearly-vented Tody-Tyrant	Resident
<i>Poecilatriccus plumbeiceps</i>	Ochre-faced Tody-Flycatcher	Observed only once, Oct. 1997 (SKH)
<i>Tolmomyias sulphurescens</i>	Yellow-olive Flycatcher	Resident
<i>Platyrrinchus mystaceus</i>	White-throated Spadebill	Resident in humid forest
<i>Myiophobus fasciatus</i>	Bran-colored Flycatcher	Occasional visitor
<i>Pyrrhomyias cinnamomea</i>	Cinnamon Flycatcher	Occasional visitor
<i>Hirundinea ferruginea</i>	Cliff Flycatcher	Resident
<i>Lathrotriccus euleri</i>	Euler's Flycatcher	Seasonal movements, rare
<i>Cnemotriccus fuscatus</i>	Fuscous Flycatcher	Only in Oct. 1997 & 2003

<i>Contopus fumigatus</i>	Smoke-colored Pewee	Rare visitor
<i>Contopus sordidulus</i>	Western Wood-Pewee	Boreal migrant, fairly common summer resident
<i>Contopus cinereus</i>	Tropical Pewee	Few mist net captures in late 2004 (migrants)
<i>Sayornis nigricans</i>	Black Phoebe	Resident
<i>Pyrocephalus rubinus</i>	Vermilion Flycatcher	An immature moulting into adult plumage at station, dry season 2004 & 2005
<i>Knipolegus signatus</i>	Andean Tyrant	Occasional visitor, altitudinal movements?
<i>Knipolegus poecilurus</i>	Rufous-tailed Tyrant	Only one observation in August 2004 (NA)
<i>Muscisaxicola maculirostris</i>	Spot-billed Ground-Tyrant	Only one observation, a juvenile in March 2005 (photographed by RH)
<i>Myiotheretes striaticollis</i>	Streak-throated Bush-Tyrant	Seasonal movements?
<i>Legatus leucophaeus</i>	Piratic Flycatcher	Observed in Oct. 2002, Jan., Oct. & Nov. 2004
<i>Pitangus sulphuratus</i>	Great Kiskadee	Rare visitor at lodge
<i>Myiodynastes chrysocephalus</i>	Golden-crowned Flycatcher	Prob. resident
<i>Myiodynastes luteiventris</i>	Sulphur-bellied Flycatcher	Boreal migrant, uncommon summer resident
<i>Myiodynastes maculatus</i>	Streaked Flycatcher	Seasonal movements
<i>Megarynchus pitangua</i>	Boat-billed Flycatcher	Only one observation (ABH)
<i>Empidonomus varius</i>	Variiegated Flycatcher	Austral migrant, apparently breeding in some years
<i>Empidonomus aurantioatrocristatus</i>	Crowned Slaty-Flycatcher	One immature, Feb. 2003, austral migrant
<i>Tyrannus melancholicus</i>	Tropical Kingbird	Resident at lodge, although some movements are apparent
<i>Tyrannus savana</i>	Fork-tailed Flycatcher	A pair and a single bird in February 2004
<i>Tyrannus tyrannus</i>	Eastern Kingbird	Boreal migrant, rare visitor
<i>Casiornis rufa</i>	Rufous Casiornis	Seasonal variations, more common during austral winter
<i>Myiarchus tuberculifer</i>	Dusky-capped Flycatcher	Resident
<i>Myiarchus cephalotes</i>	Pale-edged Flycatcher	Resident, prob some seasonal variations in abundance
<i>Myiarchus tyrannulus</i>	Brown-crested Flycatcher	Austral migrant, passing through in October (one record Aug. 2004 by NA)
<i>Ramphotrigon ruficauda</i>	Rufous-tailed Flatbill	One observation January 2004 (SKH)
<b>Cotingidae (Cotingas)</b>		
<i>Tityra semifasciata</i>	Masked Tityra	Seasonal movements
<i>Pachyramphus viridis</i>	Green-backed Becard	A pair once, Aug. 2003, humid forest plot
<i>Pachyramphus polychopterus</i>	White-winged Becard	Apparently resident, rare to uncommon
<i>Pachyramphus validus</i>	Crested Becard	A female/imm. twice in May 2003 and once in May 2004
<i>Pipreola intermedia</i>	Band-tailed Fruiteater	A male once in April 2004 (VG)
<i>Pipreola frontalis</i>	Scarlet-breasted Fruiteater	Only two observations (SKH, VG)
<b>Pipridae (Manakins)</b>		
<i>Chiroxiphia boliviana</i>	Yungas Manakin	Resident, fairly common to common
<i>Piprites chloris</i>	Wing-barred Piprites	Apparently resident
<b>Vireonidae (Vireos)</b>		
<i>Cyclarhis gujanensis</i>	Rufous-browed Peppershrike	Seasonal movements
<i>Vireo olivaceus</i>	Red-eyed Vireo	Seasonal movements, rare
<i>Hylophilus ochraceiceps</i>	Tawny-crowned Greenlet	Only one observation (SKH)
<b>Corvidae (Jays)</b>		
<i>Cyanocorax cyanomelas</i>	Purplish Jay	Resident, common

<i>Cyanocorax chrysops</i>	Plush-crested Jay	Resident, common
<b>Hirundinidae (Swallows)</b>		
<i>Progne chalybea</i>	Gray-breasted Martin	Austral migrant, only one observation
<i>Pygochelidon cyanoleuca</i>	Blue-and-white Swallow	Rare visitor during cold southern storm fronts
<b>Troglodytidae (Wrens)</b>		
<i>Thryothorus genibarbis</i>	Moustached Wren	Resident
<i>Troglodytes aedon</i>	House Wren	Resident
<b>Turdidae (Thrushes)</b>		
<i>Myadestes ralloides</i>	Andean Solitaire	One mist net capture of a juvenile May 2005
<i>Catharus dryas</i>	Spotted Nightingale-Thrush	Rare visitor
<i>Catharus ustulatus</i>	Swainson's Thrush	Boreal migrant, common in austral summer
<i>Turdus fuscater</i>	Great Thrush	Only one observation
<i>Turdus chiguanco</i>	Chiguanco Thrush	Seasonal movements, rare
<i>Turdus nigriceps</i>	Andean Slaty-Thrush	Seasonal/altitudinal movements, winter resident
<i>Turdus rufiventris</i>	Rufous-bellied Thrush	Resident
<i>Turdus amaurochalinus</i>	Creamy-bellied Thrush	Rare visitor (austral migrant)
<i>Turdus hauxwelli</i>	Hauxwell's Thrush	Observed only once in August 2004 (NA)
<i>Turdus albicollis</i>	White-necked Robin	Resident, seasonal variations in abundance
<b>Thraupidae (Tanagers)</b>		
<i>Thlypopsis sordida</i>	Orange-headed Tanager	Rare visitor
<i>Thlypopsis ruficeps</i>	Rust-and-yellow Tanager	One observation
<i>Trichothraupis melanops</i>	Black-goggled Tanager	Resident
<i>Ramphocelus carbo</i>	Silver-beaked Tanager	Resident, disturbed areas
<i>Thraupis sayaca</i>	Sayaca Tanager	Resident, seasonal variations in abundance
<i>Thraupis palmarum</i>	Palm Tanager	Resident
<i>Anisognathus sumptuosus</i>	Blue-winged Mountain-Tanager	Probably resident, rare
<i>Pipraeidea melanonota</i>	Fawn-breasted Tanager	Seasonal movements? Rare
<i>Tangara chilensis</i>	Paradise Tanager	One observation (SKH)
<i>Tangara schrankii</i>	Green-and-gold Tanager	One observation in May 2005 (VG)
<i>Tangara xanthocephala</i>	Saffron-crowned Tanager	Resident, rare
<i>Tangara cyanotis</i>	Blue-browed Tanager	Resident, rare
<i>Tangara argyrofenges</i>	Green-throated Tanager	Seasonal movements
<i>Dacnis cayana</i>	Blue Dacnis	Resident, rare
<i>Hemithraupis guira</i>	Guira Tanager	Resident, common
<i>Conirostrum speciosum</i>	Chestnut-vented Conebill	Rare visitor, a pair in December 2003 and in May 2004
<i>Diglossa sittoides</i>	Rusty Flowerpiercer	Rare visitor in disturbed areas
<i>Chlorospingus ophthalmicus</i>	Common Bush-Tanager	Resident, uncommon
<i>Piranga flava</i>	Hepatic Tanager	One observation (SKH)
<i>Piranga olivacea</i>	Scarlet Tanager	One observation, ASY male in alternate plumage, 2 Feb. 2005 (SKH)
<i>Piranga leucoptera</i>	White-winged Tanager	Resident
<i>Chlorothraupis carmioli</i>	Carmioli's Tanager	One observation Oct. 1997 (SKH)

<i>Euphonia chlorotica</i>	Purple-throated Euphonia	Resident
<i>Euphonia laniirostris</i>	Thick-billed Euphonia	Resident, seasonal variations in abundance
<i>Euphonia cyanocephala</i>	Golden-rumped Euphonia	Seasonal movements depending on availability of fruiting mistletoe
<i>Euphonia mesochrysa</i>	Bronze-green Euphonia	Apparently resident, rare
<i>Euphonia xanthogaster</i>	Orange-bellied Euphonia	Rare visitor
<i>Chlorophonia cyanea</i>	Blue-naped Chlorophonia	Resident, uncommon
<b>Emberizidae (Emberizid Finches)</b>		
<i>Volatinia jacarina</i>	Blue-black Grassquit	Two observations, Dec. 2004 (mist netted) & April 2005 (VG)
<i>Sporophila schistacea</i>	Slate-colored Seedeater	Irregular, depending on seeding bamboo
<i>Sporophila lineola</i>	Lined Seedeater	A male at station in Oct. 2004
<i>Sporophila caerulescens</i>	Double-collared Seedeater	Two observations, Aug. 2004 (KR, JN)
<i>Tiaris obscura</i>	Dull-colored Grassquit	Two observations, Oct. & Nov. 2003 (SKH)
<i>Arremon flavirostris</i>	Saffron-billed Sparrow	Resident
<i>Coryphospingus cucullatus</i>	Red-crested Finch	Rare visitor
<b>Cardinalidae (Saltators)</b>		
<i>Pheucticus aureoventris</i>	Black-backed Grosbeak	Seasonal movements/rare
<i>Saltator maximus</i>	Buff-throated Saltator	Probably resident
<i>Cyanocompsa brissonii</i>	Ultramarine Grosbeak	Immature male (?) twice at station in July 2003
<b>Parulidae (Wood-Warblers)</b>		
<i>Parula pitaiayumi</i>	Tropical Parula	Resident, common
<i>Dendroica striata</i>	Blackpoll Warbler	boreal migrant, observed only a few times
<i>Geothlypis aequinoctialis</i>	Masked Yellowthroat	Only observed in some years, rare
<i>Wilsonia canadensis</i>	Canada Warbler	Boreal migrant, two observations and two mist net captures
<i>Myioborus miniatus</i>	Slate-throated Redstart	Resident
<i>Myioborus bruniceps</i>	Brown-capped Redstart	One observation (SKH)
<i>Basileuterus bivittatus</i>	Two-banded Warbler	Resident, common
<i>Basileuterus culicivorus</i>	Golden-crowned Warbler	Only at lodge clearing, Aug. 2003 & 2004 (NA)
<i>Phaeothlypis rivularis</i>	Riverbank Warbler	Probably resident, rare
<b>Icteridae (Blackbirds)</b>		
<i>Psarocolius angustifrons</i>	Russet-backed Oropendola	Rare visitor (RF; KR in Aug. 2004)
<i>Psarocolius atrovirens</i>	Dusky-green Oropendola	Resident
<i>Psarocolius decumanus</i>	Crested Oropendola	Resident
<i>Molothrus oryzivorus</i>	Giant Cowbird	One observation at lodge (SKH)
<i>Sturnella superciliaris</i>	White-browed Blackbird	One observation, imm. male April 2005 (VG)
<b>Fringillidae (Siskins)</b>		
<i>Carduelis magellanica</i>	Hooded Siskin	Seasonal movements, mainly in austral winter
